Issues

1. Are there unresolved issues of compensability, extent of injury, or liability regarding the services in dispute?
2. Can the Division adjudicate the medical fee issues in this dispute?

Findings

1. Review of the submitted documentation finds that there are unresolved issues of compensability, extent of injury, or liability for the same service(s) for which there is a medical fee dispute. No documentation was presented to support that the issue(s) of compensability, extent or liability have been resolved.

   The appropriate dispute process for unresolved issues of compensability, extent of injury, or liability regarding disputed services requires the health care provider to submit a request for a benefit review conference pursuant to 28 Texas Administrative Code §141.1. All outstanding issues regarding compensability, extent of injury, or liability for the disputed services must be resolved before requesting medical fee dispute resolution.

2. The requestor has failed to support that the outstanding issues regarding compensability, extent of injury or liability for the disputed services have been resolved through the required dispute resolution process as set forth in Texas Labor Code Chapter 410 before submitting a request for medical fee dispute resolution regarding the same services. Consequently, the Division cannot review the medical fee issues in dispute.

Conclusion

For the reasons stated above, the Medical Fee Dispute Resolution section cannot review the disputed services. As a result, no additional payment can be ordered. The merits of the medical fee issues have not been addressed.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 additional reimbursement for the services in dispute.
